

Imigomo Yekuhweba ye-DynamicMail - Ningizimu Afrika (ZA) - ss-ZA

Inguqulo 1.1. Iqala kusebenta kusukela nga-2026-05-18.

Le Migomo Yekuhweba ilawula kusebentisa kwebhizinisi kwe-DynamicMail, DynamicBooks, Data Rooms, Agents kanye netinsita te-software letihambisana nato letinikwa yi-Eregis, Inc. (Eregis). Isebenza kulikhasimende noma kumtfunyeli lowemukela lemigomo, losayina li-oda, losebentisa tinsita, noma losebentisa tinsita nge-reseller noma umlingani logunyatiwe.

Lemigomo yimigomo yebhizinisi leshicilelwe ye-DynamicMail yelokhali nelive lelikhethiwe. Yakhiwe isuselwa etintfweni telive letisekelwa ngemithombo kanye nenchubomgomo yemkhiqizo. Ayisho futsi ayiphakamisi kuvunywa ngumeluleki wetemtsetfo wangaphandle, ngaphandle kwalapho satiso lesihlukile sekuvunywa sinamatsiselwe kudokhumenti leshicilelwe.

1. Tinsita

1.1 DynamicMail

DynamicMail inika isoftware yetindlela tekuchuba kuxhumana kwebhizinisi. Kuye ngeluhlelo lolutsengiwe kanye netici letivuliwe, DynamicMail ingase yesekele kulungisa, kutfumela, kwemukela, kuhanjiswa, kuhlukanisa, kugcina, kusayina, kufinyeta, kukhipha idatha lehlelekile kanye nekulandzela kuxhumana kwebhizinisi nemibhalo lehlobene nako.

Kulethwa kwe-DynamicMail, emabhokisi eposi, kuhlolwa kwebunikati, siginesha, kukhokha kanye nekuxhumana netinhlelo tahlumende kuchazwa ngendlela lengakhethi umhlinzeki lotsite, ngaphandle kwalapho inchubomgomo yemhlinzeki yaleyo lokhali ivumela ngalokucacile kubitwa kwemhlinzeki ngeligama. Imigomo yesive ayifanele kubita noma kwetsembisa umhlinzeki lotsite wekuletha, welibhokisi leposi, webunikati, wesiginesha, wekukhokha noma wahulumende ngaphandle kwalapho kwehluka kwelive nenchubomgomo yelokhali kukuvumela.

Tinsita tingetinsita te-software, automation, imibhalo, emabhokisi eposi, kubhila, kusita kugcinwa kwemabhuku kanye netindlela tekuchuba umsebenti letihlobene nako. Emakhasimende kufanele abuyekete li-oda, imikhawulo yeluhlelo, timali, tintela, lusito, kucansela, bumfihlo, imigomo yekusetjentiswa lokwamukelekile kanye nemigomo yekucubungula idatha ngaphambi kwekusebentisa tinsita.

DynamicMail ingase itfumele tatiso nge-imeyili, imilayeto yangekhatsi kwemkhiqizo, ideshibhodi ye-akhawunti, imilayeto yekubhila, i-portal yelusito, imilayeto ye-API noma ye-webhook, noma letinye titeshi te-elektronikhi letivunyelwene ngato, ngaphandle kwalapho umtsetfo noma li-oda kudzinga indlela leyehlukile.

1.2 DynamicBooks

DynamicBooks inika tici te-software letisita emakhasimende kuhlela ema-invoyisi, tinkomba tekukhokha, emarekhodi emibhalo, idatha yesekelo lekugcinwa kwemabhuku kanye netindlela tekuphatsa libhizinisi. DynamicBooks ayitsatsi indzawo yemisebenti yelikhasimende ye-accounting, yentela, yetemtsetfo, ye-audit noma yekubika lokudzingwa ngumtsetfo.

Likhasimende lihlala linesibopho sekubuyeketa imiphumela, kugcina emabhuku nemarekhodi ladzingekako, kusebentisa indlela lefanele yentela, kufaka imibiko ledzingekako kanye nekutfolela seluleko sebungcweti lapho kudzingeka khona.

DynamicBooks yi-software lesita kuhlela nekucubungula emarekhodi ebhizinisi. Ayitsatsi indzawo yekubuyeketa kwebungcweti kwelikhasimende kwetemtsetfo, kwentela, kwe-accounting, kwe-audit, kwekufaka imibiko noma kwekubika.

DynamicBooks iyisekelo le-software kuphela futsi ayisiso seluleko setemtsetfo, sentela, se-accounting, se-audit, sekufaka imibiko, sekubika noma sebungcweti. Emakhasimende ahlala anesibopho sekubuyeketa emarekhodi, ema-invoyisi, tintela, kufakwa kwemibiko, imibiko, kugcinwa kwemarekhodi kanye netibopho tebungcweti.

Emakhasimende anesibopho sekugcina emabhuku, emarekhodi, imibhalo yemtfombo, ema-invoyisi, lokukhishiwe kanye nema-backup ladzingeka etibophweni tawo temtsetfo, tentela, te-accounting kanye netebhizinisi.

Emakhasimende kufanele abuyekete emathempulethi ema-invoyisi, tilungiselelo tentela, kubanjwa kwemibhalo, kuhlukaniswa kanye nekukhishwa kwedatha kutsi kunembile ngaphambi kwekutsebele kuko ekubhili, enteleni, ku-accounting noma ekubikeni.

Emakhasimende kufanele akhiphe futsi agcine emarekhodi sikhatsi lesidzingwa ngumtsetfo, ngabeluleki bawo kanye netidzingo tawo tebhizinisi.

DynamicBooks ingase yesekele kukhishwa kwedatha nekuhlukaniswa lapho kutholakala khona, kodvwa emakhasimende ahlala anesibopho sanoma ngukuphi kufakwa lokusemtsetfweni, kufakwa kwemibiko kanye nekubika.

1.3 Data Rooms

Data Rooms tinika tindzawo temibhalo letiphetfwe ngekulawula tekugcina imibhalo yebhizinisi, labanye labatsintsekako, emacembu angaphakathi kanye nebahlanyeli bangaphandle labagunyatiwe. Data Rooms tingafaka kulawula kufinyelela, kuhlela imibhalo, timvume, tehlakalo te-audit kanye netici tekubambisana.

Likhasimende linesibopho sekukhetha basebentisi labagunyatiwe, kulungisa kufinyelela, kubuyeketa tintfo labelana ngato kanye nekususa kufinyelela lapho kungasadzingeki.

Data Rooms tici te-software yetindzawo temibhalo. Kutholakala, kugcinwa, kulawulwa kwekufinyelela, kukhishwa kwe-audit kanye netimvume tebahlanganyeli kuncike eluhlelweni lolusebentako, li-oda, kwehluka kwelive kanye nekulungiselela kwelikhasimende.

1.4 Agents

Agents tinika tindlela temsebenti letisekelwa yi-software tekubuyeketa imibhalo, kuhlukanisa, kukhipha lwati, kubhala idrafti, kufinyeta, kuhanjiswa, tikhumbuto kanye nemisebenti yekusebenta. Agents tingase tisebentise automation nekucubungula lokusekelwa yi-AI, kodvwa atitsatsi indzawo yekubuyeketa kwelikhasimende, kwemukela, kwehlulela kwebungcweti noma seluleko setemtsetfo, sentela, se-accounting, setetimali, setekwelashwa noma lesilawulwako.

Likhasimende linesibopho sekubuyeketa imiphumela ye-Agent ngaphambi kwekutsebele kuyo, kuyitfumela, kuyisayina, kuyifaka, kuyibhukha, kuyikhokha noma kuyisebentisa etincumeni letilawulwako noma letinemtselela lomkhulu.

Agents tici tetindlela temsebenti letisekelwa yi-software. Kutholakala kwe-Agent, imisebenti leyisekelwako, imikhawulo yekusebentisa, tidzingo tekubuyeketa ngumuntfu kanye nekucubungula lokusekelwa yi-AI kuncike eluhlelweni lolusebentako, li-oda, kwehluka kwelive kanye nekulungiselelwa kwensita.

1.5 Emakhredithi e-Agent

Emakhredithi e-Agent ngemakhredithi ekusebentisa isoftware langasiyo imali, labeka kufinyelela eticini te-Agent letifanele, kucubungula kwe-AI, kugijima kwe-automation noma ematier ekusebentisa. Emakhredithi e-Agent akasiyo imali, akasilona linani leligciniwe, akasiwo amadiphozithi, akasiwo timali letingadluliselwa, akasiwo emabhalansi ekukhokha lalawulwako noma emabhalansi ekutfumela imali. Emakhredithi e-Agent awanalinani lemali, awahlengwa ngemali, awadluliselwa ngaphandle kwalapho kuvunyelwe ngalokucacile ngaphakathi kwe-akhawunti yelikhasimende, futsi angaphelelwa sikhatsi noma asetjentiswe njengobe kuchazwe eluhlelweni, li-oda noma inchubomgomo yekusebentisa lesebentako.

Emakhredithi e-Agent ngemakhredithi ekusebentisa isoftware langasiyo imali. Emakhredithi e-Agent akasiyo imali, akasilona linani leligciniwe, akasiwo amadiphozithi, akasiwo timali letingadluliselwa, akasiwo emabhalansi ekukhokha lalawulwako, akasiwo emabhalansi ekubuyiselwa kwemali, akasiwo ema-wallet, akasiwo i-e-money, futsi awahlengwa ngemali noma ngenani lemali.

2. Kufinyelela, Ema-akhawunti Nekuphatsa

Likhasimende kufanele linike imininingwane lenembile ye-akhawunti, yekubhila, yentela kanye nemlawuli. Likhasimende linesibophu sayo yonkhe imisebenti ngaphansi kwe-akhawunti yalo, sekulungisa timvume teabasebentisi kanye nekuqinisekisa kutsi basebentisi labagunyatiwe bayayilandzela lemgomo.

Likhasimende kufanele livikele imininingwane yekungena, tikhiye tekuhlanganisa, timvume tekusayina, tindzima tebaphatsi kanye nanoma ngutiphi tinhlelo letixhunyiwe. Likhasimende kufanele lazise Eregis ngekushesha ngekufinyelela lokungakagunyatwa, imininingwane yekungena leyengotini, kusetjentiswa kabi lokusolwako noma tehlakalo tekuphepha letitsintsa tinsita.

Kufinyelela eticini te-beta, preview, pilot, integration, reseller, partner noma API kungase kube nemkhawulo, kushintjwe noma kuhoxiswe. Noma nguliphi li-oda lelitsite ngesici, sengezo sekucubungula idatha, inchazelo yensita noma umbukiso wetekuphepha uyawula uma uphikisana ngalokucacile nalethempulethi.

3. Lokucuketfwe Likhasimende Netibopho

Likhasimende linesibophu sayo yonkhe imibhalo, imilayeto, idatha yememukeli, idatha yemtfunyeleli, metadata, ema-invoyisi, tinkomba tekukhokha, emafayela e-Data Room, lokufakwa ku-Agent, ticondziso te-Agent kanye nalokunye lokucuketfwe lokufakwe etinsitweni noma lokwakhiwe ngetinsita.

Likhasimende kufanele libe nawo onkhe emalungelo, kuvumelana, tatiso, kugunyatwa kanye netisekelo letisemthethweni letidzingekako kutsi lisebentise tinsita, litfumele kuxhumana, licubungule idatha yemuntfu, limeme basebentisi, licele tisiginesha, ligcine emarekhodi futsi lisebentise tinhlelo letixhunyiwe.

Likhasimende kufanele liqinisekise kutsi kuxhumana kunembile, kusemtsetfweni, kuhlobene nememukeli futsi kutfunyelwe inhloso yebhizinisi lesemntsetfweni. Likhasimende akufanele lisebentise tinsita kugwema tatiso letidzingekako, kuvikelwa kwebatsengi, imitsetfo yekuletha lelulawulwako, tibopho tekugcina emarekhodi noma imitsetfo yekuhlola bunikati.

4. Kusetjentiswa Lokwamukelekile

Likhasimende akufanele lisebentise tinsita ku:

- kwephula umtsetfo, tinswinyo, kulawulwa kwekutfumela ngaphandle, imitsetfo yenkantolo, imiyalo yabalawuli noma emalungelo emuntfu wesitsatfu;
- kutfumela lokucuketfwe lokungekho emtsetfweni, lokukhohlisako, lokuhluphako, lokunenzondo, lokusongelako, lokuxhaphatako, lokunyundzelako noma lokwephula emalungelo;
- kusakata i-malware, phishing, tintfo tekutfolela imininingwane yekungena, spam, kukhangisa ngobuningi noma kuxhumana lokungaceliwe ngaphandle kweluhlelo loluvunyiwe;
- kuphazamisa kuphepha kwensita, kutholakala, authentication, imikhawulo yelizinga, logging, monitoring noma tilawuli tekusetjentiswa kabi;
- kwenta reverse engineering, scrape, crawl, benchmark ngenhloso yekuncintisana, kuphindze kutsengiswe ngaphandle kwemvume noma kwakha tinsita letisuselwe ku-platform;
- kusebentisa Agents noma tici letisekelwa yi-AI kwenta tincumo letidzinga kwehlulela kwebungcweti noma lokulawulwako ngaphandle kwekubuyeketa lokufanele ngumuntfu;
- kulayisha idatha lebucayi, levinjelwe noma lelulawulwako ngaphandle kwalapho luhlelo lolusebentako, imigomo yekucubungula idatha kanye nekwehluka kwelive kuvumela loko; noma
- kusebentisa emakhredithi e-Agent ngendlela lewakhombisa njengemali, linani leligciniwe, amadiphozithi, timali letingadluliselwa, emabhalansi ekukhokha lalawulwako noma emabhalansi lahlengwayo.

Akukho kulomigomo lokukhipha, lokunciphisa noma lokushintja emalungelo langegeke akhishwe, ancishiswe noma ashintjwe ngaphansi kwemtsetfo waseNingizimu Afrika.

DynamicMail ingase icele lwati lwebunikati, lweligunya le-akhawunti, lwentela noma lwekuhlola kuphela lapho ludzingeka etinsitweni, ekuphepheni, ekubhili, ekulandzeleni umtsetfo noma ku-workflow lebuyeketiwe.

5. Kuhlangukiswa Nekuxhumana Lokungakhethi Umhlinzeki

Tinsita tingase tisebentisane netinhlelo tebantfu besitsatfu, tinsita tebunikati, tinsita tesiginesha, emanethiwekhi emabhokisi eposi noma ekuletha, bacubunguli betinkhokhelo, tnhlelo te-accounting, bahlinzeki be-cloud, tnhlelo tahulumende kanye nengqalasizinda lephetfwe likhasimende.

Imigomo yesive kufanele ichaze loku kuhlangukiswa ngemsebenti kuphela ngaphandle kwalapho inchubomgomo yemhlinzeki yaleyo lokhali ivumela ngalokucacile kubitwa kwemhlinzeki ngeligama. Kutholakala, kuhanjiswa, kufaneleka, kuhlolwa kwebunikati, indlela yekusayina, indlela yekukhokha, indlela yekuletha, kuxhumana nahulumende kanye nekukhetfwa kwemhlinzeki kungahluka ngeke live, kulungiselelwa kwelikhasimende, reseller, luhlelo kanye nekulungela kwetekhniki.

Likhasimende linesibopho sema-akhawunti, timvume, kuvumelana, timali, kulungisa kanye netibopho tekulandzela imitsetfo tetinhlelo tebantfu besitsatfu letikhetfwe likhasimende. Eregis ayinasibopho

ngeluhlelo lwemuntfu wesitsatfu lolungaphandle kwekulawula kwayo, ngaphandle kwalapho kudzingwa ngumtsetfo losebentako noma sivumelwano lesibhaliwe lesicacile.

6. Tintsengo, Tinkhokhelo, Tintela Nema-invoyisi

Likhasimende kufanele likhokhe tonkhe timali, tinkhokhiso tekusetjentiswa, tinkhokhiso tekubhalisa, tinkhokhiso tekweca umkhawulo, tintela, imitselo, timali letibanjwako kanye naletinye timali letishiwo ku-oda lelisebentako, likhasi letintsengo, sivumelwano se-reseller noma i-invoyisi.

Ngaphandle kwalapho li-oda lelisebentako lisho lokunye, timali atifaki tintela. Likhasimende linesibopho setintela, imitselo, tinkhokhiso tahulumende kanye nekubanjwa kwemali lokudzingekako, ngaphandle kwetintela letisekelwe enholweni ye-Eregis. Uma kubanjwa kwemali kudzingwa ngumtsetfo, likhasimende kufanele linike imibhalo ledzingekako futsi likhokhe timali letingeziwe lapho sivumelwano sidzinga gross-up noma lapho umtsetfo wenzawo ukuvumela.

Ema-invoyisi, emarisidi, emanothi ekhredithi, kubuyiselwa kwemali, imininingwane yekubhalisa intela, tindlela tekukhokha, tinkhokhiso tekwephuta, emalungelo ekumisa kanye nemijikeleto yekubhala kulawulwa li-oda lelisebentako kanye nekwehluka kwelive. Tinkhokhiso letisekelwe ekusebentiseni tingabhilwa emuva kwesikhatsi. Tabelo tekusebentisa isoftware letikhokhelwe ngaphambili, kufaka ekhatsi emakhredithi e-Agent, tingasetjentiswa, tiphelelwe sikhatsi noma tisethwe kabusha njengobe kuchazwe eluhlelweni lolusebentako.

Timali atifaki tintela ngaphandle kwalapho li-oda lisho lokunye. Emakhasimende anesibopho sekunika lwati lwentela nelwekubhala lolunembile kanye netintela letisebenta ekutsengeni noma ekusebentiseni kwawo tinsita.

DynamicMail ingase ikhiphe ema-invoyisi, ema-invoyisi entela, emarisidi, emanothi ekhredithi, emanothi edebithi noma kulungiswa kwe-akhawunti lapho kufanele khona. Emakhasimende kufanele abuyekete ema-invoyisi ngekushesha futsi anike imininingwane yekubhala neyentela lenembile.

Tintela tingancika endzaweni yelikhasimende, simo salo sentela, licembu lelenta sivumelwano, lokhipha i-invoyisi kanye nemitsetfo yentela lesebentako. Emakhasimende ahlala anesibopho sekufaka kwawo tentela kanye nekutfola seluleko sebungcweti.

DynamicMail ingase inike kukhishwa kwema-invoyisi, emarekhodi noma kuhlenganiswa lapho kutholakala khona, kodvwa emakhasimende ahlala anesibopho sekufaka lokudzingekako kwentela, kwe-accounting nakubaphatsi.

Emakhredithi e-akhawunti, emakhredithi ensita kanye nemakhredithi ekusebentisa isoftware akasiyo imali ngaphandle kwalapho li-oda lisho ngalokucacile indlela lesemntsetfweni yekubuyiselwa kwemali. Kulungiswa kwentela kungaphatfwa kwehlukile kumakhredithi ensita.

Ema-invoyisi nemarkisidi angafaka: libito lemhlizeki; likheli lemhlizeki; inombolo yekubhalisa ye-VAT yemhlizeki lapho kufanele khona; libito lemamukeli, likheli kanye nenombolo yekubhalisa ye-VAT lapho kudzingwa yimitsetfo ye-VAT; inombolo ye-invoyisi lelandzelanise; lusuku lwe-invoyisi; inchazelo yetimphahla noma tinsita; linani noma bubanti betimphahla noma tinsita; linani lekukhokhwa, samba se-VAT kanye netotali letifaka i-VAT noma letishiwo ngekwehlukana njengobe kufanele.

7. Kuvikelwa Kwelwati, Tekuphepha Nemfihlo

Licembu ngalinye kufanele lilandzele tibopho telokuvikelwa kwedatha, bumfihlo, tekuphepha kanye nemfihlo letisebentako. Lapho Eregis icubungula idatha yemuntfu yelikhasimende, emacembu kufanele asebentise sengezo sekucubungula idatha lesisebentako noma imigomo lelingana nayo ye-processor.

Likhasimende linesibopho sekuba semtsetfweni, kunemba, kunciphisa, kugcinwa, kulawula kufinyelela, tatiso kanye neticondziso telwati lwemuntfu lolufakwe etinsitweni. Eregis kufanele igcine tinyatselo letifanele tetekhniki netenhlango tetinsita futsi icubungule lwati lwemuntfu lwelikhasimende ngekwe ticondziso letibhaliwe, ngaphandle kwalapho umtsetfo udzinga lokunye.

Ema-subprocessor, tindzawo tekusingatsa, tindlela tekudlulisa, tikhatsi tekugcina, imibukiso yetekuphepha kanye nemalungelo ebumfihlo latsite ngelive kufanele kususelwe etintfweni temtfombo letivunyiwe futsi kushicilelwe kuphela ngelizinga lemininingwane lelivunyiwe kuleyo lokhali. Emagama ebahlinzeki angafakwa kuphela lapho inchubomgomo yemhlinzeki wesive yaleyo lokhali iwavumela.

Emakhasimende anesibopho sekuba semtsetfweni, kunemba, tatiso, timvume, kunciphisa kanye neticondziso tekugcina telwati lwemuntfu lalufaka noma lalucubungula ngetinsita.

DynamicMail itawucubungula lwati lwemuntfu njengobe kuchazwe esivumelwaneni, esatisweni sebumfihlo nasemigomeni yekucubungula idatha. Emakhasimende kufanele abe nemalungelo netatiso letidzingekeko kulayisha, kuxhuma, kutfumela, kwemukela, kugcina, kuhlatiya kanye nekucondzisa kucubungulwa kwelwati lwemuntfu ngetinsita.

DynamicMail ingase icele lwati lwebunikati, lweligunya le-akhawunti, lwentela noma lwekuhlola kuphela lapho ludzingeke etinsitweni, ekuphepheni, ekubhili, ekulandzeleni umtsetfo noma ku-workflow lebuyeketiwe.

Tinsita tingafaka kucubungula, kugcinwa, lusito noma kufinyelela kwe-subprocessor ngaphandle kweNingizimu Afrika njengobe kuchazwe esivumelwaneni, esatisweni sebumfihlo, emigomeni yekucubungula idatha noma ku-oda.

DynamicMail ingase igcine emarekhodi tikhatsi letidzingekeko kunika tinsita, kuhlangabetana netibopho temtsetfo, tentela, te-accounting, tekuphepha, te-audit, telusito netempikiswano, kanye nekulandzela ticondziso telikhasimende lapho kufanele khona.

Ticelo mayelana nelwati lwemuntfu lolukukulawula kwelikhasimende kungase kudzingeke ticondziswe kulikhasimende, kantsi ticelo mayelana nelwati lwe-akhawunti noma lwekubhila lolulawulwa yi-DynamicMail tingasingatfwa yi-DynamicMail ngaphansi kwenchubo yayo yebumfihlo.

Lwati loluyimfihlo lungasetjentiswa kuphela kwenta noma kwemukela tinsita, kuvikela emalungelo, kulandzela umtsetfo noma kusebentisa tindlela tekulungisa. Tibopho temfihlo atisebenti kulwati lolusesive ngaphandle kwekwephula, lolwalwatiwa ngaphambilini ngaphandle kwesibopho semfihlo, lolwakhiwe ngekutimela noma lolutfolwe ngekwemtsetfo kumuntfu wesitsatfu.

8. Emalungelo Empahla Yengcondvo Nemibono Lebuyiswayo

Eregis kanye nalabanikati bamalayisensi bayo bagcina onkhe emalungelo etinsitweni, ku-software, emibhalweni, emathempulethini, kuma-workflow, emamodelini, emidvwebeni, kuma-API kanye

netekhnoloji ye-platform. Likhasimende litfolo kuphela lilungelo lelinganiselwe lekusebentisa tinsita ngesikhatsi sekubhalisa futsi ngekwe lemigomo.

Likhasimende ligcina emalungelo kulokucuketfwe kwalo. Likhasimende linika Eregis emalungelo ladzingekako ekusingatseni, kucubungula, kutfumela, kugucula, kubonisa, kuvikela, kusekela, kulungisa tinkinga kanye nekusebentisa lokucuketfwe kwelikhasimende etinsitweni nangalokunye lokuvunyelwe sivumelwano.

Imibono lebuyiswayo ingasetjentiswa ngaphandle kwemkhawulo noma inkhokhelo ngaphandle kwalapho sivumelwano lesibhaliwe lesihlukile sisho lokunye. Imibono lebuyiswayo akufanele ifake lwati loluyimfihlo ngaphandle kwalapho emacembu avumelene kuyiphatsa njengemfihlo.

9. Lusito, Kutholakala Netinguquko

Lusito, emazinga ensita, tikhatsi tekulungisa, tatiso tetehlakalo kanye nekungeniswa kuhlinzekwa ngekwe luhlelo lolusebentako, li-oda, imigomo ye-reseller noma inchazelo yensita.

Eregis ingase ithuthukise, ishintje, imise kwesikhashana noma iyekise tici lapho lenguquko inganciphisi ngalokubonakalako insita letsengiwe yelikhasimende ngesikhatsi lesisebentako. Tinguquko letimbi letibalulekile kulomigomo noma etetsembisweni tensita letsengiwe kufanele tikhulunywe ngekwe sikhatsi sesatiso lesidzingwa li-oda lelisebentako noma kwehluka kwelive.

10. Kumiswa

Eregis ingase imise kufinyelela etinsitweni, eticini, ekuhlanganisweni, ku-Data Rooms, ku-Agents, ekutfumeleni, ekwemukeleni, ekusayineni, eticini letihlobene nekukhokha noma kufinyelela kwe-API lapho kudzingeka ngalokufanele kubukana nekungakhokhi, ingoti yetekuphepha, kusetjentiswa kabi lokusolwako, ingoti yemtsetfo, umkhawulo wemhlinzeki, kutsembeka kwensita noma kwephulwa kwalemigomo.

Lapho kusebenta futsi kusemtsetfweni, Eregis itawunika satiso kanye nelitfuba lekulungisa lenkinga. Kumiswa ngekushesha kungase kusebente ngetizatfu letiphutfumako tekuphepha, temtsetfo, tekusetjentiswa kabi, temhlinzeki noma tekuthembeka kwe-platform.

11. Sikhatsi, Kuphelisa, Kukhishwa Nekususwa

Lemigomo icama lapho likhasimende liyemukela, lisayina li-oda, liqala kusebentisa tinsita noma lisebentisa tinsita nge-reseller noma umlingani logunyatiwe. Iyaqhubeka kuze kube iyapheliswa noma ishintjwa.

Noma nguliphi licembu lingaphelisa ngekwe li-oda lelisebentako, sivumelwano se-reseller, kwehluka kwelive noma umtsetfo lophocelelako. Eregis ingase iphelise ngenca yekwephulwa lokubalulekile, kungakhokhi, kusebentisa lokungekho emtsetfweni, ingoti yetekuphepha, umkhawulo wemhlinzeki, ingoti yekungakhoni kukhokha noma kuphela kwekutholakala kwensita lapho kuvunyelwe ngumtsetfo.

Ngemuva kwekupheliswa, lilungelo lelikhasimende lekusebentisa tinsita liyaphela. Kukhishwa kwedatha, kugcinwa, kususwa, lusito lwekuguculela, kuphatfwa kwema-backup, kufinyelela kwe-Data Room,

kufinyelela kwemiphumela ye-Agent kanye netidzingo temarekhodi temtsetfo kulawulwa li-oda lelisebentako, imigomo yekucubungula idatha kanye nekwehluka kwelive.

Emakhasimende ahlala anesibopho sekukhipha kanye nekugcina emakhophi etatiso, imibhalo, ema-invoyisi, emarekhodi nemibiko ledzingeka etibophweni tawo temtsetfo, tentela, te-accounting noma tekusebenta.

Emakhredithi e-akhawunti, emakhredithi ensita kanye nemakhredithi ekusebentisa isoftware akasiyo imali ngaphandle kwalapho li-oda lisho ngalokucacile indlela lesemntsetfweni yekubuyiselwa kwemali. Kulungiswa kwentela kungaphatfwa kwehlukile kumakhredithi ensita.

12. Timemetelo Tekungabi Nesibopho

Tinsita tingemathuluzi e-software. Atiniketi seluleko setemtsetfo, sentela, se-accounting, se-audit, setetimali, setekwelashwa, semsebenti, sekufaka kuhulumende noma sebungcweti lesilawulwako. Imiphumela ye-DynamicBooks, imiphumela ye-Agent, idatha lekhiphiwe, tifinyeto, tincomo tekuhanjiswa, tinkomba tekukhokha kanye nekuhlukaniswa kwemibhalo kudzingeka kubuyeketwe likhasimende.

Ngaphandle kwalapho kushiwo ngalokucacile esivumelwaneni lesibhaliwe noma kudzingwa ngumtsetfo, tinsita tinikwa ngaphandle kwetsetsembiso letifihlekile tekutsengiseka, kufanela inhloso letsite, kungaphuli emalungelo, kusebenta lokungaphazamiseki, kusebenta lokungenamaphutsa noma kufinyelela emphumeleni lotsite wetemtsetfo, wentela, we-accounting, wekuletha, wekukhokha, wesiginesha, webunikati noma webhizinisi.

13. Sibopho

Licembu ngalinye linesibopho sekulahlekelwa lokucacile lokubangelwa kwephula kwalo, kunganaki, kutiphatsa kabi ngenhloso, kwephula imfihlo, kwephula kuvikelwa kwedatha noma kwephula umtsetfo, kuye ngekukhishwa nemikhawulo levunyelwe ngumtsetfo losebentako.

Kute licembu lelisesibopho semonakalo longakacondzi, lowenteka ngekuhambisana, lokhetsekile, lolandzelako, wesibonelo, wekujezisa, kulahlekelwa yinzuzo, kulahlekelwa yinhlangano, kulahlekelwa ligama lelihle, kulahlekelwa yedatha, kuphazamiseka kwebhizinisi, insita lengena esikhundleni noma kulahlekelwa litfuba, ngaphandle kwalapho kukhishwa lokunjalo kungavunyelwa ngumtsetfo.

Sibopho lesihlanganisiwe se-Eregis semacala ngaphansi noma mayelana netinsita silinganiselwe kumkhawulo wesibopho loshiwo ku-oda lelisebentako, noma uma kungekho mkhawulo lotsite, etimalini letikhokhiwe noma letifanele kukhokhwa ngetinsita letitsintsekako etinyangeni letilishumi nambili ngaphambi kwesehlakalo lesidale sibopho, kuye ngemtsetfo lophocelelako, ngaphandle kwesibopho lesingeke silinganiswe ngumtsetfo noma sibopho lesikhishwe ngalokucacile ku-oda lelisebentako noma kwehluka kwelive.

14. Kuvikela Nekubuyisela Ekulahlekelweni

Likhasimende kufanele livikele futsi libuyisele Eregis ekulahlekelweni mayelana nemacala ebantfu besitsatfu lavela kulokucuketfwe likhasimende, ticondziso letingekho emtsetfweni, kusebentisa lokungakagunyatwa, kusetjentiswa kabi kwetinsita, kwephulwa kwetibopho tekusetjentiswa

lokwamukelekile, kwephulwa kwemalungelo ebantfu besitsatfu noma kusebentisa tinsita ngekwephula lemigomo.

Eregis kufanele ivikele likhasimende emacaleni ebantfu besitsatfu latibeka kutsi tinsita letingakashintjwa tephula emalungelo empahla yengcondvo, ngaphandle kwalapho licala livela kulokucuketfwe likhasimende, ticondziso telikhasimende, kuhlenganiswa lokungasekelwa, kushintja lokungakagunyatwa, kuchubeka nekusebentisa ngemuva kwesatiso noma kusebentisa ngaphandle kwesivumelwano.

15. Tatiso

Tatiso temtsetfo kufanele titfunyelwe ku-10655 NE 4th St, Suite 630, Bellevue, WA 98004, US naku-support@dynamicmail.ai, noma kulelinye likheli letatiso lelishicilelwe yi-Eregis. Tatiso telikhasimende tingatfunyelwe kumnikati we-akhawunti, umlawuli, umtsintfwa wekubhila, reseller, sitieshi setatiso temkhiqizo noma likheli leliku-oda lelisebentako.

Tatiso te-elekthronikhi tivunyelwe lapho umtsetfo kanye nekwehluka kwelive kukuvumela. Likhasimende kufanele ligcine iminingwane yemlawuli, yekubhila, yentela kanye neyetatiso ivuselelwe.

16. Kwedluliselwa Kwesivumelwano, Resellers Nemahlobene

Likhasimende angeke ledlulisele sivumelwano ngaphandle kwemvume lebhaliwe yangaphambilini, ngaphandle kwalapho kuvunyelwe ngumtsetfo lophocelelako. Eregis ingase yedlulisele kumhlobene wayo noma kumlandzeli mayelana nekuhlenganiswa, kuhlelwa kabusha, kutsengiswa kwetimpahla noma kushintja kwekulawula.

Uma likhasimende litsenga nge-reseller noma umlingani, imigomo yekuhweba njengekukhokha, ku-oda, kuvuselela kanye nelusito ingasingatfwa ngulowo reseller noma umlingani. Kusetjentiswa kwemkhiqizo, kusetjentiswa lokwamukelekile, kuvikelwa kwedatha, kungakhethi umhlinzeki, emakhredithi e-Agent kanye netibopho tekuphepha kwe-platform kuyaqhubeka kusebenta ekusebentiseni kwelikhasimende tinsita.

17. Umtsetfo Lolawulako Netimpikiswano

Lemigomo ilawulwa ngumtsetfo lokhonjwe ku-oda lelisebentako kanye nemtsetfo lophocelelako losebentako eNingizimu Afrika, ngaphandle kwekubuka imitsetfo yekushayisana kwemitsetfo ngaphandle kwalapho umtsetfo lophocelelako udzinga lokunye.

Timpikiswano kufanele ticatululwe eforamu, endzaweni yekulalelwa, enchubeni ye-arbitration, enchubeni yemlawuli noma enkantolo leshiwo ku-oda lelisebentako, noma kwenye iforamu ledzingwa ngumtsetfo lophocelelako, ngaphandle kwalapho li-oda lelisebentako, sivumelwano se-reseller, umtsetfo lophocelelako noma kwehluka kwelive kudzinga iforamu leyehlukile, indzawo, inchubo yekuvikelwa kwemtsengi noma libhizinisi lelincane, inchubo yemlawuli, indlela yekuvikelwa nge-injunction noma umtsetfo we-arbitration.

18. Kwehluka Kwelive

Kwehluka kwelive kungeta noma kutsatse indzawo yethempulethi yemhlaba kuphela ngalizinga ledzingwa ngumtsetfo wendzawo losekelwe ngemithombo, kubekwa kwemininingwane lokuphocenelelako, umkhuba wekuhweba noma kutholakala kwemikhiqizo lokuvunyiwe.

Kubekwa Kwemininingwane Lokuphocenelelako

DynamicMail ingase icele emakhasimende kutsi anike lwati lwemtsetfo, lwe-akhawunti, lwemlawuli, lwekubhila, lwentela kanye nekusebentisa insita lolunembile loludzingeka kunika tinsita, kukhipha ema-invoyisi, kuphatsa lusito kanye nekulandzela tidzingo letisebentako.

Kwenta Sivumelwano Nge-elekthronikhi

Likhasimende lemukela sivumelwano nge-oda lelisayiniwe, kwemukela nge-inthanethi, kuphatsa i-akhawunti noma kusebentisa tinsita ngemuva kwekutsi imigomo seyentiwe yatholakala, lapho kuvunyelwe ngumtsetfo.

Tisiginesha Te-elekthronikhi Nemarekhodi

Kuvunywa netisiginesha te-elekthronikhi kungasetjentiswa lapho kuvunyelwe ngumtsetfo kanye neworkflow lesebentako. Leminye imibhalo noma tatiso tingase tidzinge tinyatselo letingeziwe tebunikati, siginesha, kuletha noma kubuyeketa kwetemtsetfo.

Kuvikelwa Kwelwati

DynamicMail itawucubungula lwati lwemuntfu njengobe kuchazwe esivumelwaneni, esatisweni sebumfihlo nasemigomeni yekucubungula idatha. Emakhasimende kufanele abe nemalungelo netatiso letidzingekako kulayisha, kuxhuma, kutfumela, kwemukela, kugcina, kuhlatiya kanye nekucondzisa kucubungulwa kwelwati lwemuntfu ngetinsita.

Idatha Lebucayi

DynamicMail ingase icele lwati lwebunikati, lweligunya le-akhawunti, lwentela noma lwekuhlola kuphela lapho ludzingeka etinsitweni, ekuphepheni, ekubhili, ekulandzeleni umtsetfo noma ku-workflow lebuyeketiwe.

Ema-invoyisi Nentela

DynamicMail ingase ikhiphe ema-invoyisi, ema-invoyisi entela, emarisidi, emanothi ekhredithi, emanothi edebithi noma kulungiswa kwe-akhawunti lapho kufanele khona. Emakhasimende kufanele abuyekete ema-invoyisi ngekushesha futsi anike imininingwane yekubhila neyentela lenembile.

DynamicBooks

DynamicBooks iyisekelo le-software kuphela futsi ayisiso seluleko setemtsetfo, sentela, se-accounting, se-audit, sekufaka imibiko, sekubika noma sebungcweti. Emakhasimende ahlala anesibopho sekubuyeketa emarekhodi, ema-invoyisi, tintela, kufakwa kwemibiko, imibiko, kugcinwa kanye netibopho tebungcweti.

Emakhredithi e-Agent

Emakhredithi e-Agent ngemakhredithi ekusebentisa isoftware langasiyo imali. Emakhredithi e-Agent akasiyo imali, akasilona linani leligciniwe, akasiwo amadiphozithi, akasiwo timali letingadluliselwa, akasiwo emabhalansi ekukhokha lalawulwako, akasiwo emabhalansi ekubuyiselwa kwemali, akasiwo ema-wallet, akasiwo i-e-money, futsi awahlengwa ngemali noma ngenani lemali.

Emalungelo Lapho Umtsetfo Uwaphocelela

Akukho kulomigomo lokukhipha, lokunciphisa noma lokushintja emalungelo langegeke akhishwe, ancishiswe noma ashintjwe ngaphansi kwemtsetfo waseNingizimu Afrika.
